

## Male victims of domestic and partner abuse 30 key facts

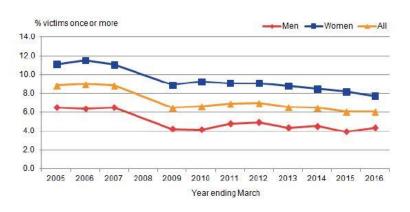

February 2017 - Produced by Mark Brooks, ManKind Initiative (Sources can be found at the end of the document)

- (1) 13.6% of men in 15/16 (13.2% in 14/15) state they have been a victim of domestic abuse since they were 16 (26.3% of women in 15/16, 27.1% in 14/15). For every three victims of domestic abuse, two will be female, one will be male. These figures are the equivalent of 2.2 million male victims and 4.3 million female victims. One in four women and one in six men suffer from domestic abuse in their lifetime.
- (2) 4.4% of men in 15/16 (4% in 14/15) and 7.7% of women (8.2% women) stated that they have experienced domestic abuse in 2015/16, equivalent to an estimated 716,000 male victims and 1.27 million female victims. For every three victims of domestic abuse, two will be female, one will be male.

The difference between the prevalence of domestic abuse for men and women is at its lowest since the year ending March 2005. The 3.3 percentage point difference between men and women in the year ending March 2016 compares with a peak difference of 5.1 percentage points in the year ending March 2010.

Figure 1: Prevalence of domestic abuse in the last year for adults aged 16 to 59, by sex, year ending March 2005 to year ending March 2016 CSEW

## **England and Wales**

- (3) 8.8% of men (equivalent to 1.4 million men) and 20.1% of women (3.3 million women) have experienced partner abuse (non sexual) since the age of 16.
- (4) In 15/16, 2.8% of men (equivalent to 451,000) and 5.8% of women (equivalent to 891,000 million) experienced partner abuse (non sexual). For every three victims of partner abuse, two will be female and one will be male.
- (5) There has been a significant fall in partner abuse for both men and women over the past 12 years. The percentage of men stating they experienced partner abuse in 04/05 was 4.6% (752,000) and in 15/16, it was 2.8% (451,000). For

women, the fall was from 8.6% (1.333 million) to 5.8% (891,000). There has also been a fall in domestic abuse with 6.5% of men (1 million) and 11.1% of women (1.7 million) being victims of domestic abuse in 2004/05 and 4.4% (716,000) and 7.7% for men (716,000) and women (1.27 million) in 2015/16.

- (6) In 15/16, 2.7% of men (450,000) and 4.6% of women (759,000) experienced stalking. For every three victims of stalking, two will be female and one will be male. This ratio is the same when accounting for stalking by partners.
- (7) In 15/16, 0.9% of men and 1.7% of women were victims of force at the hands of their partner.
- (8) Generally, younger people are more likely to be a victim of partner abuse and stalking than those in older age groups. In 15/16, 3% men (5.1% women) aged 16-19, and, 3% of 20-24 (5.8% women) were victims of partner abuse. 4.2% of men aged 16-19 (9.7% women) and 4.1% aged 20-24 (6.6% women) respectively were victims of stalking. The one anomaly is 45-54 year old men where 3.2% said they were a victim of partner abuse.
- (9) Men who are separated or divorced are more likely to suffer partner abuse than those who are married. 10.8% of separated men (16.0% women) and 10.6% (15.3% women) of divorced men, suffered partner abuse in 15/16 while only 1.8% of married men and 2.7% of married women did so.
- (10) For men in management, 2.2% said they suffered from partner abuse in 15/16 as id 3.2% in manual/routine occupations and 3.9% of men who had never worked/long-term unemployed. The female equivalent statistics were 4.2%, 7.3% and 5.4%.
- (11) Men (5.3%) with a long-term illness or disability were victims of partner abuse in 15/16 compared to women (10.9%) in the same situation. For those with no long-term illness or disabilities, the figures are 2.4% (4.4% women).
- (12) Of those that suffered partner abuse in 14/15, a higher proportion of men suffered from force (37%) than women (29%). For emotional and psychological abuse the proportions were 61% and 63% respectively.
- (13) 12% of men and 15% of women who were victims of partner abuse suffered three or more incidents in 14/15. 1% of men had suffered 50 or more incidents as had 2% of female victims.
- (14) Of those that suffered from partner abuse in 12/13, 29% of men and 23% of women suffered a physical injury, a higher proportion of men suffering severe bruising or bleeding (6%) and internal injuries or broken bones/teeth (2%) than women (4% and 1% respectively). 30% of men who suffer partner abuse have emotional and mental problems (47% women). Only 27% of men sought medical advice whilst 73% of women did.
- (15) Male victims (39%) are over three times as likely than women (12%) not to tell anyone about the partner abuse they are suffering from. Only 10% of male victims will tell the police (26% women), only 23% will tell a person in an official position (43% women) and only 11% (23% women) will tell a health professional.

- (16) The number of women convicted of perpetrating domestic abuse has increased seven fold since 04/05. From 806 in 04/05 to 5,641 in 15/16.
- (17) The percentage of gay or bi-sexual men (6.2%) who suffered partner abuse in 2008/09 is nearly double the number for heterosexual men (3.3%). Lesbian women (12.4%) as a percentage also suffered far more partner abuse compared to heterosexual women (4.3%).
- (18) In 15/16, 28 men died at the hands of their partner or ex-partner (19 men in 14/15) compared to 77 women (83 in 2014/054). For men, this was the highest since 08/09.

Offences currently recorded as homicide for victims aged 16 and over by relationship of victim to principal suspect and sex of victim, numbers, year ending March 2006 to year ending March 2016<sup>1</sup>

Female victims Partner/expartner	90	90	80	102	94	98	89	78	86	83	77	

- (19) One in every five victims of forced marriage is a man (20%).
- (20) The average male victim calling the ManKind Initiative helpline is 43, is 5ft 9in tall and weighs 13st. The average female perpetrator is 40, is 5ft 4in tall and weighs 10st 7lb.
- (21) 23 organisations offer refuge or safe house provision for male victims in the UK a total of 110 spaces, of which 34 are dedicated to male victims only (the rest being for victims of either gender). There has been an increase as in February 2016, the figures were 18 organisations with c70 spaces, of which 24 were dedicated to male DV victims only. There are no refuge or safe houses in London.

There are no precise figures for female victims, albeit an estimate in 2010 was that there were nearly 400 specialist domestic violence organisations providing refuge accommodation for women in the UK with c4,000 spaces for over 7,000 women and children.

- (22) On at least 120 occasions in 2010 a caller decided not to consider a refuge or safe house because they were too far away and would mean having to completely uproot their lives, often having to leave their children and their job behind.
- (23) The NSPCC reported that 18% of boys and 25% of girls had been victims of physical violence at the hands of their girlfriend or boyfriend. 4% of boys had been victims of severe physical violence (11% of girls).

- (24) In 13/14, on average high-risk victims live with domestic abuse for 2.6 years before getting help. 80% of the men who call the ManKind Initiative helpline have never spoken to anyone before about the abuse they are suffering.
- (25) Men don't leave abusive relationships for various reasons the top reasons being: concern about the children (89%), marriage for life (81%), love (71%), the fear of never seeing their children again (68%), a belief she will change (56%), not enough money(53%), nowhere to go (52%), embarrassment (52%), not wanting to take kids away from their mother (46%), threats that she will kill herself (28%) and fears she will kill him (24%).
- (26) Young women in a student survey are just as likely to be aggressive towards their partners as men, possibly even more.
- (27) In 2015, 119,000 men reported to English and Welsh police forces stating they were a victim of domestic abuse. 22% of all victims who report to the police are male. In 2012, 73,524 men did.
- (28) One in four victims of revenge pxrn are male
- (29) As reported by the Scottish Government, 6.6% of male victims of partner abuse are victims at the hands of men as they are in a same-sex relationship. In terms of reporting to Scottish police, one in ten men who report as being a victim of domestic abuse state that the perpetrator is also a man. In Scotland, 20% of victims who report to the police in Scotland are male, 2% of victims are men who are victims at the hands of other men.
- (30) There are c175 organisations providing services to male victims in February 2017, In 2012, the figure was c70.
